# Information for Purchasers

**PACKING CHARGES:** We charge for same only to cover the cost of material used.

**PRICES:** All prices quoted in this list are for stock at Fresno. Freight and express are to be paid by purchasers.

**ERRORS:** Errors or complaints must be reported within ten days of receipt of goods.

**QUANTITY RATES:** Stocks mentioned in this list will be furnished as follows: 5 of a variety at the 10 rate; 50 at the 100 rate; 300 at the 1000 rate.

## Number of Trees or Plants to an Acre

	Square Method
6x 6	1210
6x 8	907
6x10	726
6x12	605
8x 8	680
8x10	544
8x12	454
10x10	435
10x12	363
16x16	170
20x20	109
20x24	90
22x22	90
24x24	75
25x25	69
30x30	48
35x35	35
40x40	27
50x50	18

**RULE—Square Method:** Multiply the distance in feet between the trees by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided into the number of feet in an acre (43,560), will give the number of plants or trees to the acre.

**RULE—Equilateral Triangle Method:** Divide the number required to the acre "square method" by the decimal .866. The result will be the number of plants required to the acre by this method.

## TERMS AND REMITTANCES

These Prices Supercede All Others.

All of our stock is sold for cash, unless other arrangements are made. Remittances can be made to us either by post office or express money order, registered letter, bank draft, or check. It often happens that our customers find it more convenient to send us a personal check on their local bank and such checks will be accepted for collection.

On all orders placed in advance we ask that a 20 per cent deposit be forwarded with the order and we will then reserve the stock for shipment at any time designated by the customer.

## DESCRIPTIVE CATALOG

(Without prices) will be mailed you free upon request.

# TO FRUIT GROWERS

The Fresno Nursery Company has been in the business of growing and selling Nursery Stock in California since the year 1885, and we are pleased to be able to say that seventy-five percent of all the stock we have grown has been sold to planters in the seven counties nearest home—Kings, Tulare, Kern, Madera, Merced and Stanislaus. This, we believe, is sufficient to show that our dealings have always been of the standard that entitle us to our motto, "Reliability, Quality and Service."

We extend to you a cordial invitation to visit any of our Nursery Plants and see the care exercised in the growing and handling of our stock.

We are always ready and willing to confer with our customers as to the best methods of shipping, planting, pruning or caring for their orchards or vineyards, as we fully realize their success is our success.

# PROTECT YOUR TREES

Plants and Nurserymen are particularly anxious to secure a perfect stand of their trees and to avoid as far as possible any injury to them by sunburn, rabbits, squirrels, etc.

For such protection we advise the use of—

## YUCCA TREE PROTECTORS

as we have found them to be very efficient and satisfactory to our many customers who are now using them.

The Yucca Protector is made from the Yucca Palm, being cut very thin (in the same manner as veneer wood) so as to admit plenty of ventilation and still afford the necessary protection for the young trees.

We are able to supply the Yucca Protectors, in the several sizes, at the following prices:

Length	Width	Wt.	Per 100	Per 25	Per 50	Per 100	Per 1000
30 in.	7 in.	22 lb.		\$1.00	\$1.50	\$2.50	\$22.00
24 in.	7 in.	18 lb.		.90	1.25	2.00	19.00
18 in.	7 in.	13 lb.		.80	1.10	1.75	16.00
16 in.	7 in.	12 lb.		.70	1.00	1.50	14.50
14 in.	7 in.	10 lb.		.60	.85	1.40	13.00
12 in.	7 in.	9 lb.		.50	.75	1.30	12.00
